

anned, the payments to the State being compared with the receipts on file and the payments to the town being checked with the treasurer's cash book.

The surety bonds of the town's officials required by law to furnish them were examined and found to be in proper form.

In addition to the accounts mentioned, the records of all departments collecting money for the town or committing bills for collection were examined and checked, and the payments to the treasurer were verified.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the treasurer's cash, summaries of the tax, excise, tax title, departmental, and water accounts, together with schedules showing the condition and transactions of the trust and investment funds.

While engaged in making the audit, cooperation was received from all officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

WILLIAM SCHWARTZ

Asst. Director of Accounts

RICHARD J. DYER
