TEN CENTS

## —STUDENTS OF THE YEAR—

As students of the year we honor two hard-working, wise, talented and swell all around Seniors: MAURICE GAUTHIER and BARBARA TRAYNOR.

Maurice is well known throughout the school for his prominence in school affairs. As president of the class he has led the Seniors to many a successful event and a wonderful senior year at SHS. Being President of the French Club is another one of his many extra-curricular activities. Again that club has had a terrific year.

A good scholastic standing is another one of Maurice's achievements and he shines in this field as President of the Honor Society.

His ready wit, co-operative attitude and friendly nature make him popular with everyone; he's a pretty swell chauffeur too. Maurice's public speaking ability has come in mighty handy in "Knights of the Round Table", and thanks to this desirable quality he is to be one of the Speakers at the "53" Graduation Exercises. We, his friends, feel assured of Maurice's success.

It might be said that Barbara Traynor has done the most for the class of "53". Her artistic ability has been invaluable. Barbara has made a great part of the decorations, posters, invitations, and other artistry not only of class projects, but for the many clubs and extra-curricular activities in which she has taken part. As art editor of *Memories XVI* she has made that yearbook one of the best. This extraordinary talent has also come in handy in class work, for Barbara has done many unusual and fine class projects.

Scholarship is another one of her outstanding abilities. Not only was she a member of the Honor Society for two

years, but the great majority of her marks have been "A". Barbara won not one but several good scholarships this year. She is the proud winner of a \$1300 scholarship to Syracuse University and is one of the fifteen national winners of the Firestone Scholarship. Barbara was also offered a full tuition scholarship at Boston University, but unfortunately had to refuse it.

Music is one of Barbara's main sources of pleasure and relaxation. She is a member of the Special Girls Glee Club, Mixed Chorus, Double Quartet, and Senior Girls Quartet. Her musical talent is not limited to her vocal chords, however, for she plays the violin, trumpet and piano.

There is no doubt in our minds that Barbara Traynor will be a great success in whatever she undertakes not only because she is such a good student but because she is a better person.

### Senior Class Banquet

The Senior Class Banquet to be held on June 10th promises to be a tremendous success. In spite of the usual confusion, planning, running around, and transportation problem, everything is under control. The entire Senior Class will journey to Hotel Viking in Newport, where S.H.S. Senior Banquets have been held for several years. Here a delicious chicken dinner will be served and novelty gifts will be distributed. Naturally everyone will be looking their very best with the gals in gowns and guys in tuxedos.

No need to say that this class really has talent and their banquet program proves it. None other than class President Maurice Gauthier will act as Toast-

master. With his gift of gab, sense of humor and speaking ability, how can he miss??

SHS's own Jane Powell, Joan Archard, will render a vocal solo entitled "I Believe". An innovation in female singing talent, a quartet consisting of Judy Singleton, Joan Crawford, Barbara Traynor and Joan Archard will also entertain with a few selections. As no music program would be complete without that terrific and accomplished pianist, Marie Rogers, she will also solo. To close the musical end of the program there will be a vocal ensemble of "Victory" and "Alma Mater".

Invited guests attending the banquet: Principal and Mrs. Kilgrew, Superintendent and Mrs. O'Toole and Vice Principal Mason. Mr. Kilgrew will present the greetings and Mr. O'Toole will favor us with a few remarks.

Let's face it, our class banquet just wouldn't have it if our famous, ever-popular and extremely talented "Doll" didn't perform, so most natch she is

going to do just that. Our sympathy to those who can't be at the banquet!!

To bring back old memories Jean Barlow will read the Class History and looking into the future Laura Saraiva and Ann Harrington will present the Class Prophecy. In honor of our leaving, Mary O'Toole will remind us of what we leave in the reading of the Class Will.

June 10th certainly will be a gala and long remembered evening for not only do these socially conscious Seniors have a wonderful banquet but after the banquet they will go dancing and "live it up"! Have fun kids!!

**Yearbook Photographer Selected**

At a recent junior class meeting it was voted that the photographer for Memoirs XVII would be Vantines of Boston. The other bid for the contract was submitted by Loring of Fall River. Comparing the contractors, Vantines was the better of the two. Vantines offers \$80.00 more towards the cost of the yearbook than Loring offers. Each member of the class receives a picture of the entire class. Instead of receiving twenty-four wallet size pictures Vantines gives twenty-five pictures for no extra cost. In colored pictures the picture is colored entirely. It is also an interesting fact to note that Vantines sets up their studio right in the school. Under the able leadership of the members of the Memoirs staff it is bound to be a success!!

## Playing Hooky With Snoopy

As school nears the end many fellows have awakened from their extra long "Spring Sleep" and have taken an interest in our school's coming social fling.

John Ashcroft has shown an interest in Gail Cahill and has asked her to the prom. Now why didn't John ask her out ages ago? Not bashful, are you? . . . Pierce's Beach seems to be a gathering place for many seniors—be careful you don't get stuck in the sand though! We know someone who did; initials M. M. Joan Crawford received a nifty I. D. from Cess—just a pleasant reminder for when she's away working this summer! Bill Southworth and Gail are no longer a twosome—who's next Billy? . . . Tremendous to hear that Joe Viveiros has taken an interest in Nancy Grimes—it seems they've been making the rounds lately . . . Mickey Doyle and Shirley DeCosta sure seem to be getting along swell lately—it's good to see two good dancers together. They must have heard that it takes two to tango! . . . Mary O'Toole won't have any trouble remembering her name now with the spiffy I. D. that Phil gave her for her birthday. She's now 18 years old!!! . . . Two of our shy guys of the senior class have come out of their shells long enough to ask two lucky girls to the prom. They are, Frank Swain who asked Judy Singleton and Arthur Bienvenue who asked Lena Greeley . . . It must be that Gilbert Stansfield prefers the junior class because he's asked Margie Dube to the prom. What's the charm, Margie??

SCOOP! Brenda Douthwright certainly is the lucky one! She's going to the Durfee Senior Prom with John Spence. He sure has it! Are you going to the Somerset one with him, too, Brenda? John Fleck popped the question and, yup, Barbara Boyle is going to the prom with him. Lucky gal!! June and Joe, Audrey and Bill are all charged up about the prom!! Marilee is going to the prom with Georgie Boulay! George,

you're a lucky guy. Barbara Maynard had a nifty time at the Durfee Junior Prom recently! Barbara Agrella is really sporting a gorgeous sunburn. . . Congratulations to Jim Balaguer on getting his license!! . . . Looks like Pat Chorlton, a real fortunate girl, is not only attending the Somerset Prom with Tom Jackson, but she has also been invited to the Moses Brown Formal by "Fuddles" Sullivan of Fall River. Scoop! Barbara Murphy is now wearing a Diman ring owned by Bob Rioux. Some gals have all the luck!! . . . Pat Wadsworth really lived it up at the Durfee Prom with Len Leduc; watch out for those Frenchmen, Pat!! Louise Cuttle was seen recently at a Coyle play with Dick Suspiro. This gal really gets around! Jerry Archard has asked Janet Park of Fall River to the Somerset Prom!! That was mighty quick acting!! Brenda Burke and Tommy Harrington seem to be getting along fine, looks like a new romance.

## Klub Kapers

Tri-Hi-Y members certainly lived it up Thursday night with a banquet at the Grist Mill followed by a show in Providence. Chauffeurs for the evening were: Carolyn Smith, Joan Boyle, Joan Archard, and Sam DeCosta. As if this isn't enough, a beach party is being planned in the near future for both new and old members.

The librarians are really going to town this year. Besides the money they've spent on library supplies, they have enough money in their treasury for a real bang-up time. No date has been set as yet as they're still debating where the best lobster and champagne is served. Whatever the outcome, a beach party is the only one of their plans that is definite. Isn't it surprising the way those 2c fines add up??

The Grist Mill seems to be quite a popular place. The Junior Shorthand Club had quite a shindig there Sunday. Of course the Toll House was nothing for the Senior members to complain about.

## Memorial Day Assembly

Members of the Junior Class under the direction of Mr. Luti presented a very touching and impressive assembly which paid tribute to former boys of Somerset High who gave their lives for their country. Those mentioned were:

Albert Botelho  
 Irving Brown  
 Sheldon I. Clarkson  
 William E. Coogan  
 Robert H. Healy  
 John T. Higgins  
 James L. Lynch  
 Robert A. Worton  
 Raymond Kenney

The music and poetical recitations were exceptionally well done.

All those participating did an excellent job in giving a program on depicting a true memorial to our fallen heroes.

## French Club Trip

Senior members of the French Club went to Boston on their annual trip to visit the Fine Arts Museum and to see a matinee performance of "South Pacific" which is now playing at the "Opera House". They left at 11:30 in a group of 5 cars driven by Miss Walsh, Mrs. O'Brien, Maurice Gauthier, Paul Bienvenue, and Jimmy Doonan. At the Fine Arts Museum they viewed a collection of the works of 19th century French painters, among these works were copies of paintings by Toulouse-Lautrec. They left for the "Opera House" late and hurried after the lights had gone down and after a few trials and tribulations in mounting the irregular stairs and operating the Opera-glass machines. Everyone settled back and enjoyed the play very much. On the way home they stopped at the Stoughton Diner for supper. They all enjoyed themselves "Toute le monde et ait heureux!!!"

## Diman 3 - Somerset 0

Somerset went down to defeat at the hands of the strong Tradesmen from Diman last Wednesday by a score of 3 to 0. The defeat dropped Somerset into a fourth place tie with Dighton and enabled Diman to climb into third.

Bob Coulombe of Diman pitched a one hitter, Somerset getting their only hit in the fifth when Tony Soares hit a solid one to left field. Tom O'Connell of Somerset, allowing only 3 hits, pitched well enough to win but all Diman's hits came in the third, two by Prayzner and one by Letendre. Outstanding for Somerset were Soares and Medeiros.

## Dighton 7 - Somerset 4

Dighton took over fourth place in the Narry League by whipping the Blue Raiders 7 to 4. Paul Ginalski started for the raiders and went eight innings until relieved by Joe Borge who retired 3 men in a row on four pitches. Dighton got three runs in the third, one in the fourth, and three in the eighth. Somerset's four runs came in the first, second, fourth, and ninth. Somerset got only four hits in the game, two of which came off the bat of Tony Soares, Raider catcher.

To end up in the first division Somerset must win all remaining games while Dighton loses at least one.

"Bobby, give me a piece of that cake. Do you know the state below South Dakota?"

"Of course, who doesn't know that? It's Wyoming. Where did that candy go?"

"Hey, Mary, turn that radio off. 'I Married Joan is on TV!'"

"Bring that soda over here, my glass is empty again. Joe, what's this river here, right in the middle of Montana?"

"Did you see the crazy dress—you know who—had on today? What next?"

"Who elects the Supreme court judges?"

"I wonder if we have to know the population of the 10 largest cities? I learned them anyway. Who's got the popcorn?"

"Billy, stop playing catch with the plates! Who's Secretary of the Interior?"

"Speaking of interiors, mine's empty. Let's take off for Leo's!!"

## Who? Me?

By Arthur Frederic Otis

The driver ahead is the saddest I've seen;  
Instead of proceeding when signals turn green,  
He sits meditatively dreaming instead,  
Not caring if I should be caught on the red;  
Yet if I impatiently finger my horn,  
He turns and he burns me with shriveling scorn.  
The only unpleasanter guy I can find,  
Than the driver ahead, is the driver behind,  
Who, when my reflexes at lights are not fleet,  
Endeavors to blast me right out of my seat;  
But as I consider what their fate should be,  
I'm glad I don't know what they think about me.

## Who Says It?
