FAREWELL

To the Seniors the Breeze bids farewell in this, the last issue of their High School course. We wish them all manner of success in their different positions in life after they leave us, whether in continuing their education, in the business world, or in other directions where prospects seem bright. We hope that, as Alumni and Alumnae, they will not forget their school paper, and that they will remember that the staff is always glad to receive articles or letters from those who are having college experience or seeing the outside world.

When we return next year the class of '24 will not be with us. It will have followed in the steps of the many other classes, gone to seek its place in the world. We are really sorry to see the Seniors go, but realizing that the progression is inevitable, we cheerfully accept the situation.

Live up to your reputation and show by individual success that you are graduates of the Somerset High School.

A REVIEW OF THE SCHOOL YEAR

The school year of 1923-4 has been a successful one for Somerset High School. During the summer, several improvements had been made in the building. The usual social events were carried out with great success. In addition to these, a prize-speaking contest and an operetta were held.

During the year, a library system and a student council were established, and have been carried out in an efficient manner.

We have completed another year and in a few days more, shall leave these rooms for more than two months. Let us hope that this has been a profitable year. As in looking back, there are, doubtless, many errors which we wish, in vain, to correct, many lessons that might have been learned more thoroughly, and perhaps F's on our cards which might have been effaced by a little harder work and a more determined resolution to conquer.

Yet after all, when we begin to go over the year in detail, there are many pleasant things which we like to recall, and most of us have managed in some way to combine good times

with our studying. Perhaps, in some cases, the times were too "good", and alas! we received a due reward; yet we hope it was all for the best, and that next September will see all of us undergraduates united once more.

The Breeze extends to everyone its best wishes for a pleasant vacation.

MORE SCHOOL SPIRIT FOR 1924-25

Of course our readers will exclaim, "The same old story!" But we must begin, early as it is in our term of office, begging, entreating, beseeching for material.

Several times we have heard pupils say, "I can't write a story" We don't wish all contributions to be stories. Any bright article on some personal incident, descriptions of interesting or historic spots, papers discussing questions of the day, in fact, anything which is of interest to some pupil can be made readable to others. Please, then, Breeze readers, make up your minds that you will contribute something to the Breeze next year. If nothing exciting happens during your summer vacation, make something happen, and give us the benefit of it. Do not be discouraged because one effort has failed; try again and again. Remember then, the Breeze of 1924-25.

A large donation of instructive books, which will be very useful in the future, has been given the S. H. S. Library by Mrs. Mary A. Conary.

The following parts have been assigned for graduation, which is at 8.00 P. M., June 25, at Riverside Hall.

Salutatory—Dorothy Hood.
 Class Will—Francis Griffin.
 Class Prophecy—Ruth Buffington.
 Class History—Catherine Morrissey.
 Class Calendar—Muriel Campbell, Madeline Plant, Ada Blake, Irene Gell.
 Class Gifts—James Frost.
 Valedictory—Hazel Chace.

The Washington and Franklin Medal for excellence in American History will be presented to Ruth Buffington.

The graduation address will be given by Rev. S. E. Livingstone, pastor of First Methodist Church, Taunton.

The Class Colors are green and white, the sweet pea is the class flower, and the class motto is "Animo et Fide."

The Senior Reception to invited guests will be at Riverside Hall the evening of June 27.

OPERETTA

The long awaited Operetta, "The American Girl", has at last been given and proved a splendid success. In an entertainment of this sort a great deal of time and work must be given to it and the girls deserve a great deal of credit for their co-operation in helping to make it a success.

Miss Hanley has worked hard and long to make the operetta go off well and we want her to know we appreciate her interest in the school. As yet the net proceeds have not been determined, but about \$80 have been taken in. The money is to go for new singing books for the school, the last ones having been installed in 1913.

Following is the program as it appeared:

To the Subscribers:

We want to thank our "Breeze" patrons for their support to our paper this year. We have tried to make it just as good as possible and we feel sure that the new staff will also strive to put the "Breeze" on the highest standard possible, and they look forward to your support.

SKETCHES OF THE SENIORS

ADA W. BLAKE "Fairy". Class Calendar (4); Operetta (4).

Ada is our little live wire. She is always busy at something and always appears to be happy and gay. Ada appears to love Literary Digest recitations, for when her name is called, she smiles very happily. We feel assured of Ada's success, for she is always keeping "steadily at it".

"The course of 'true' love never did run smooth"

SARAH T. BUTLER "Circe". Food Sale Com. (4).

Sarah is the demure little miss——when you don't know her. We have proof of her steady nerves, for she is nightly seen piloting her brother's "Lizzie" along the congested highways of Somerset. They say she goes to Providence, and she has been seen with-er-well-er-enough said.

"A flower of Meekness"

RUTH BUFFINGTON "Ruthie" "Flapper"

Class Secretary (2), Editor Breeze (3), Editor-in-Chief (4), Operetta (4), Class Vice-President (4), Secretary Athletic Association (3), (4), Class Prophet (4). Washington and Franklin Medal (4).

It is not every girl who can collect A's from all her teachers, be a prominent actress and a society belle at one and the same time, but Ruth does all this with seeming ease. We wish Ruth could manage in some way to bequeath her school spirit to next year's pupils, for she has a lot of it.

"Bonnie wee thing! Cannie wee thing! Lovely wee thing!"

HAZEL A. CHACE

Class President (3), President Friday Club (3), Editor Breeze (3), (4), President Student Council (4), Washington and Franklin Medal (3), Lincoln Essay Medal (4), First Prize--Prize Speaking Contest (4), Valedictorian (4).

Hazel is our leading "go-getter". She's going to Bridgewater next fall to learn to be a school-teacher, and has already been practicing on our Freshmen here. We can hardly see how S. H. S. can run without Hazel, for it will take at least half a dozen people to fill the places she leaves vacant. Hazel is very quiet and demure, but her best friends say that when she does get irate, it is a sight worth seeing.

"Queen rose of the rosebud garden of girls!"

JAMES B. CRAWFORD "Ditter" "Jimmie". School Orchestra (4).

Crawford is the gentleman of the class. He is a quiet lad with modest ways. He plays the bass horn in the S. H. S. Orchestra and is prominent in the Scout Band. We see him in the future playing in the Boston Symphony.

"Wise nature never did put her precious jewels into a garret four stories high."

MURIEL C. CAMPBELL. Class Calendar (4).

Muriel came to us from Durfee and soon made herself at home among the other inmates of this institution. She met with a calamity in her Junior year while sliding with—— and now she has given up sleds in favor of automobiles.

"I have been taught to love the good,
The pure, the unalloyed,
And wicked boys, I've understood,
I always should avoid."

FRANCIS F. DOYLE "Doyle" "F. X." Baseball (3), (4).

Doyle is also our baseball hero. Many are the cheers that have been given his name. He is quiet and reserved, but by no means dull. He has always been willing to do his share in any of the school activities, and has created a great number of friends by his unobtrusive ways.

"Care to our coffin adds a nail, no doubt,
And every grin, so merry, draws one out."

JAMES C. FROST "Fat" Student Council (4).

"Fat, the "Sunny Jim" of our class, may not be much on English, but he certainly knows History. If anyone has a question on civil government, we recommend that he go to Frost for information. In a few years we expect to see him a member of Congress.

"As plump as a stalled Theology."

JOSEPH A. FRADO "Joe" President Friday Club (4).

Joe "stands in" with some of the teachers for his "chev" comes in handy some times. He is very generous and is always ready to help a fellow out. We think Joseph would make a good chauffeur.

"Sentimentally I am disposed to harmony but I am incapable of a tune."

FRANCIS E. GRIFFIN "Gink".

Class President (1, 2, 4), President Friday Club (3), President Athletic Association (4), Business Manager of Breeze (4), Football (2), Baseball (3,4), Class Will (4).

Francis is our class comedian. He is five and a half feet of good-naturedness. As a proof of his popularity, glance at the list of offices above. He has been one of our athletic stars and he is noted for his two-bagger hits. The physics class has one male "Shining Light" and that is GINK. We see him in the future a leading chemist in the country. At present, he parks his fliver frequently at the corner of Wood and Riverside Avenues.

"Alas, the love of women, it is known,
To be a fearful and a lovely thing."

IRENE GELL "Jelly".

Second Prize-Speaking Contest, Operetta (4), Class Calendar (4).

Irene is one of our best girl baseball players. She likes athletics much better than tiresome studies. Irene is a good singer and is always cheerful. We wish her the best of success in her future career.

"And virtue is its own reward"

DOROTHY W. HOOD "Dot".

Editor of Breeze (4), Class Secretary and Treasurer (3), (4), Honorable Mention Prize Speaking Contest (4), Salutatorian (4).

Dot is not only one of our honor pupils, but she has had an important part in all our class activities. She was one of the promoters of the "special" class in Stenography. No one can help liking Dot, for she is a good sport. At present she is much interested in the Boy Scouts.

ELIZABETH M. HAGGERTY "Toots". Operetta (4).

Who is the girl with the contagious giggle, who starts the American History Class off in a gale of laughter every few minutes? Sure enough, it's Toots. Woe to the man who brings upon himself the anger of Elizabeth. He will surely writhe with discomfort under the scorn of Tootsie's eyes. In the Operetta, Toots certainly can shake a wicked foot.

"Happy am I, from care I'm free; why aren't they all contented like me?"

EVERETT F. LAHUE "Teeny". Baseball (3), (4).

Everett is one of our radio experts, and also our class midget. We see Everett playing with the Somerset Regulars a few years from now.

"Wisdom personified and sawed off"

ALFRED F. LEWIS.

Lewis is a fellow of unfailing good humor and is always willing to help. He is a good chap and we wish him every success in his career after S. H. S.

"A solemn youth with sober phiz,
Who eats his grub and minds his biz."

CATHERINE E. MORRISSEY "Morrissey".

President Friday Club (4), Class Historian (4).

Catherine is the girl with the desire to start something. It is to her that we owe the plan of a cake sale and entertainment, from which a goodly sum was realized. We know that she will meet with success whatever line of work she may decide to take up.

"She is a walking sermon on neatness and precision."

MADELINE H. PLANT.

Honorable Mention Prize Speaking Contest (4), Operetta (4), Class Calendar (4).

Madeline is the fashion plate of the class of '24. At present, however, she is more interested in the flower from Foulds Flower Shop, and the caps from Brown University. We see Madeline in the years to come, book and ruler in hand, pointing out the city of Somerset to the struggling young Freshmen of Somerset High.

"He dances divinely; can you blame her?"

FLORENCE M. RILEY "Florrie". Senior Food Sale Com. (4).

Florence is our little homebody. She is an expert seamstress and delights in the dainty tasks of femininity. We see her a few years hence resigning from faithful service as teacher in the Fall River Kindergarten to become the wife of some prominent young man.

"Modesty is a quality that womankind adorns."

MARY J. SULLIVAN.

Mary is a very companionable girl. She is of a quiet disposition, and likes to cook and sew. We think Mary would make someone a nice little wife.

"Blushing is the color of virtue."

OWEN H. VARDEN.

Owen arrived at S. H. S. in '24 and immediately made an inseparable companion of "Billie" Talbot. We are never surprised now when we hear screams in the corridors, of "You wretch". And soon afterward mingled with "Oh, Honey Bunch, where are you." We expect to see Owen the head of the hot house Bureau of the Dept. of Agriculture in the future.

"He trudged along unknowing what he sought,
And whistled as he went for lack of thought."

BASEBALL

Our baseball season opened with a game at New Bedford April 24, with the Holy Family High School in which we were defeated by a score of 8 to 1. We next played Dartmouth High on the home grounds May 7, and again lost, 8 to 3.

On May 12 we went to Warren and lost our third game, 8 to 1. But on May 29, when Warren came to Somerset for the return game, the tables were turned. In the interval, Joe Whelan, the Durfee twirler, had been engaged as coach and we soon saw improvement as a result of his labors, especially in batting. The game was hard fought, running to 10 innings, but in the last of the 10th with the score 5 to 4 in favor of Warren, Griffin clouted out a two-bagger which sent Eagan home and Oehrle followed with a single which enabled Griffin to score the winning run. The score was 6 to 5.

On June 6 we played the return game with Dartmouth at Smith's Mills and again lost to our old rivals by the score of 8-5. All of Dartmouth's runs were obtained in the third inning, after which King held them scoreless while our men secured 5 runs, but could not overcome Dartmouth's lead. The game was played on a wet field with rain in the last few innings.

"Sweet is sunshine after rain." On June 9 we went to Fall River and walloped the Durfee Second team to the tune of 18-2.

SOMERSET HIGH SCHOOL BREEZE

Much credit is due to our coach, Joe Whelan, who was present. The features of the game were the pitching of King and the two-baggers by Eagan, Boucher, King, and Crowell, the latter getting two. We obtained 11 runs in the fifth inning and the S. H. S. fans nearly went wild with joy. As this is the last game we shall chronicle before going to press, we rejoice that it is such an overwhelming victory.

Score by innings:

Somerset High School	0	1	6	0	11	0	0	0	0—18
Durfee Seconds	0	2	0	0	0	0	0	0	0—2

FROM THE SIDE LINES

No one who was at the game in Warren will forget the spectacle of Lahue in right field with his little lamb behind him.

The return game with Dartmouth was played behind a grammar school and the kids were right on hand for stray balls. We lost two and Dartmouth three.

In the Durfee game the Fall River crowd started to "razz" Coach Joe Whelan about his "rube" team, but the "razzing" stopped abruptly about the third inning and was not resumed. After that, most remarks of that nature came from Ruth Buffington & Co. at the other end of the bleachers.

How our men did gallop around the bases during that 5th inning of the Durfee game!

We have still three games to play, return games with Holy Family and Durfee Seconds and the last game of the season with Barrington June 18. We want to thank the Durfee men for their fair game and the good natured way in which they took defeat. It was plain to see that they were playing the game purely for the game's sake and were willing to give the right men credit.

We were certainly lucky in getting Joe Whelan as a coach. Here's hoping we have him next year.

THE LOVERS

In Different Moods And Tenses

Sally Salter, she was a young teacher who taught,
And her friend, Charley Church, was a preacher, who
praught!

Though his enemies called him a screecher, who scraught.

His heart, when he saw her, kept sinking, and sunk;
And his eye, meeting hers, begin winking, and wunk;
While she, in her turn, fell to thinking, and thunk.

He hastened to woo her, and sweetly he wooed,
For his love grew until to a mountain it grewed,
And what he was longing to do, then he doed.

In secret he wanted to speak, and he spoke,
To seek with his lips what his heart long had soke;
So he managed to let the truth leak, and it loke.

He asked her to ride to the church, and they rode;
They so sweetly did glide, that they both thought they glode,
And they came to the place to be tied, and were tode.

"Then homeward," he said, "let us drive," and they drove,
And soon as they wished to arrive, they arrove;
For whatever he couldn't contrive, she controve.

The kiss he was dying to steal, then he stole;
At the feet where he wanted to kneel, then he knole;
And he said, "I feel better than ever I fole."

So they to each other kept clinging, and clung,
While Time his swift circuit was winging, and wung;
And this was the thing he was bringing, and brung.

The man Sally wanted to catch, and had caught—
That she wanted from others to snatch, and had snaught—
Was the one she now liked to scratch, and she scraught.

And Charlie's warm love began freezing, and froze,
While he took to teasing, and cruelly toze
The girl he had wished to be squeezing and squoze.

"Wretch," he cried, when she threatened to leave him, and
left,

"How could you deceive me, as you have deceft?"
And she answered, "I promised to cleave, and I've cleft!"

HEARD IN THE CLASSROOM

1. From History test: Daniel Webster was a great orator., and he also wrote the Dictionary."
2. Miss Gale (after long attempt to make Talbot understand: "Now you're just beginning to talk sense."
Talbot: "Sure."
3. F. Doyle: "My topic is about poisoned ivory."
4. (In Civics Class): "If the colonists rebelled against paying taxes to the British in 1775, why don't people rebel now when the taxes are much greater?"
Cushman: "Because they haven't enough sense to."
5. Annie Ferry (giving oral book report on "When Knighthood Was In Flower"): "The king was getting fresh with her, so she married Caskoden as the lesser of two evils."

8. M. C. (In English Class): "He was dying, but he was still alive."
9. A. B.: "The city of Galveston was burned during the flood."
10. The following question was put on the board in Room 1: "Discuss in full the Irish question." Some one erased the first three letters of the first word and the sentence read thus: "Cuss in full the Irish question."
Doubtless this has been done many times.

HAILSTONES

- "So you don't know which letter comes after 'H'?" the teacher asked a first grade boy.
"No'm."
"What have I on each side of my nose?"
"Looks like powder, ma'am, from here."
Bald headed Guest: "Well, sonny, what is it that amuses you?"
"Nothing, only mother has put a brush and comb in your bedroom."

SOMERSET HIGH SCHOOL BREEZE

Mrs. Mororist: "Why don't you ask someone where we are?"

Mr. Motorist: "What difference would it make? Five minutes from now we won't be anywhere near here."

The mule we find has two legs behind,
Two legs we find before.
We stand behind before we find
What the two behind be for.

Bachelor: "When you kiss a girl goodbye, forever, should you do it quickly?"

Benedict: "By all means. Otherwise, she might forgive you and marry you."

Mistress: "What is your name, please?"

Applicant: "Miss Clancey."

Mistress: "Of course, you don't expect me to call you Miss Clancey."

Applicant: "Oh, no, ma'am; not if you have an alarm clock."

Teacher: "Dick, name the oceans."

Dick: "The Atlantic and Pacific."

Teacher: "That's no ocean; that's a Tea Company."

Hez: "Say, boy, yo' all is so black, yo' name should be midnight."

Ez: "Sho' 'nough. Well, you're jest 'bout five minutes to twelve yo'self."

Height Of Laziness

Motorist (to boy on the grass): "Say, son, which way is Durham?"

(Boy moves his foot in the right direction.)

Motorist: "Well, if you know anything lazier than that, I'll give you a quarter."

Boy (rolling over): "Put it in my pocket."

There is some misunderstanding about why negroes should like chicken so well. I will tell you. The negro is a descendant of Ham, and the chicken of egg, both antecedents being very closely associated.

AFTER HIGH SCHOOL WHAT ARE YOU GOING TO DO?

College means four long years of effort and expense. After college two or more years must be spent in special training for law, medicine, teaching, music, or some other subject before you can begin to earn.

A good business training may be acquired in a short time. This training is practical and is comparatively inexpensive. Office work is fascinating and pays good salaries to well trained young persons. Our courses and training are worthy of your serious consideration.

Thousands of dollars will be spent this summer in order to make this institution the largest and best equipped business school in this part of the country. The staff of teachers is the best that can be procured.
